**INSTALLATION INSTRUCTIONS FOR REFRACTORY FIREBOX LINER KITS
FOR USE WITH ADAGIO™ DIRECT-VENT GAS FIREPLACE HEATERS**

KIT CONTENTS:

- 1 ea. Firebox Liner
- 1 ea. Instruction Sheet

TOOLS / SUPPLIES NEEDED

- 5/16" Socket or Nutdriver

GENERAL INFORMATION

The refractory panel liner kits include ceramic panels which cover the sides and back wall of the firebox. If you encounter any problems, need clarification of these instructions or are not qualified to properly install this kit, contact you local distributor or dealer.

Read this instruction sheet in its entirety before beginning the installation.

ALL WARNINGS AND PRECAUTIONS IN THE INSTALLATION AND OPERATION MANUAL PROVIDED WITH THE APPLIANCE APPLY TO THESE INSTRUCTIONS.

TURN OFF THE FIREPLACE AND ALLOW IT TO COMPLETELY COOL BEFORE PROCEEDING.

! IMPORTANT

This appliance is not approved for operation without a firebox liner kit installed.

Handle the firebox liner with extreme care. It is very fragile and can easily break.

INSTALLATION INSTRUCTIONS

- Step 1** Remove the front glass enclosure assembly (follow the removal instructions in the Care and Operation Manual).
- Step 2.** Using a 5/16" socket or nut-driver, remove the lintel per instructions in *Figure 1*.
- Step 3.** USING EXTREME CARE, place the 1-piece liner in the firebox, then install the log support bracket* as shown in *Figure 2*.

* The log support bracket is provided with the fireplace. See packaging list on page 2 of the installation instructions manual.

Step 4. Reinstall lintel as shown in *Figure 3*.

Step 5. Install the log set (follow instructions in the Installation Instructions Manual or the Care and Operation Manual).

Step 6. Reinstall the front glass enclosure assembly (follow instructions in the Installation Instructions Manual or the Care and Operation Manual).
