GENERAL INFORMATION

If you encounter any problems, need clarification of these instructions or are not qualified to properly install this kit, contact your local distributor or dealer.

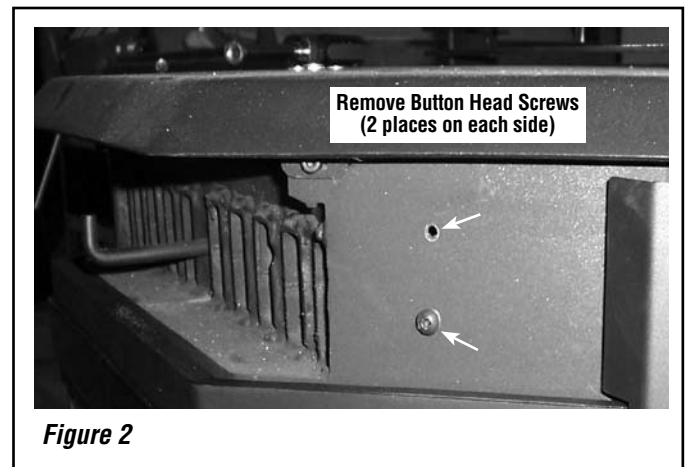

Read this instruction sheet in its entirety before beginning the installation.

ALL WARNINGS AND PRECAUTIONS IN THE INSTALLATION AND OPERATION MANUAL PROVIDED WITH THE APPLIANCE APPLY TO THESE INSTRUCTIONS.

TURN OFF THE APPLIANCE AND ALLOW IT TO COMPLETELY COOL BEFORE PROCEEDING.

INSTALLATION INSTRUCTIONS

Step 1. Remove the four button head screws from body of the stove using a 1/8" allen wrench (see *Figure 2*).

IMPORTANT

If you have a gold or nickel grills, be sure to clean them with a soft cloth and household glass cleaner prior to burning the insert. Fingerprints left on the plated surfaces while burning will usually remain on the finish permanently.

Step 2. Pull the scraper rod out, rotate the grill vertically, (with the notch to the left) and slide the grill over the scraper rod (slide the rod between the third and fourth bar). See **Figure 3**.

Step 3. Rotate the grill back to the horizontal position, then using 1/8" allen wrench or t-handle wrench, re-install the four button head screws through the two holes at each end of the grill and into the stove body (see **Figure 4**).
